January 21, 1998

Dear Dr. Read,

As I was wandering the halls of SJSU before alumni chorale rehearsals, I saw a flyer for the Collegium performance in Santa Clara in December, but unfortunately, too late to attend the concert. Mary Anne James and I were chatting about how much we enjoyed Collegium when we were in school, and were wondering if you had thought about an evening community Collegium that might attract alumni and other early music enthusiasts. I suspect that Letty (formerly) Barnhardt would be interested as well.

If you think this is something you might like to pursue, or if you have some other ideas, you can contact me or Mary Anne:
